## Keystones of CLC

National CLC is inviting CLC members to consider a formation course on Zoom for those who would like to know more about CLC, its charism and its identity as a worldwide body. The system is being led by Fr Iain Radvan SJ, Anna Munari and Ann Hoare, and it is called Keystones of CLC. The six modules on which the course has been based were developed by a group of CLC Members in NSW in 2019. It covers the following topics: Listening and Meeting Components, Discernment, Role of the Guide, DSSE (Discerning, Sending, Supporting, Evaluating), the General Principles of CLC and the Wider CLC Community. The six sessions will be offered fortnightly from 18 September. The course is an excellent foundation for you to take a leadership role in CLC one day and is free of charge. Many people have found this course exciting and helpful in their CLC journey. Please register your interest with Ann Hoare so she can provide you with the Zoom link, handouts, etc.
